TUNAP – YOUR SINGLE SOURCE SUPPLIER

Our passion for the product, personalized support, years of experience, and high flexibility make us the ideal partner for driving innovation and delivering efficient solutions.

R & D

- Formulations based on the latest science and technology in line with the market
- Test runs and test fillings on modern systems
- Scale-ups, stability testing including accompanying analysis

PRODUCT MANAGEMENT

- Individual product and product range support
- Professional project management for launching new products
- Compliance and print data checks

With over five decades of experience, more than 700 employees worldwide, three production facilities and 16 filling lines, TUNAP is one of Europe's largest aerosol manufacturers.

PRODUCTION

- State-of-the-art filling technologies
- Certified production standards and maximum product safety
- Economies of scale

LOGISTICS

- Optimised sourcing due to high purchase volume
- Daily pickups and drop shipments
- Delivery reliability thanks to long-standing supplier network

COMPREHENSIVE SERVICE FOR YOUR PRODUCT WISHES

We will of course support you with all your concerns and questions. You can also contact us at any time at mybrand@tunap.com.

Together, we create a requirements document.

Your product will be promptly and carefully delivered to you.

Our laboratory develops a customized formulation and sends you the first product samples for review.

As soon as the order for the product is received, it is entered into our system and scheduled for production.

As soon as the initial formulation is finalized, our hazardous substances department creates the safety data sheet, and our laboratory prepares the technical data sheet for your product.

Our graphics department checks the print data, whether they comply with the legal legal requirements.

We collect all information regarding production and logistics to efficiently prepare the next steps.

TUNAP - CERTIFIED QUALITY* AND SUSTAINABILITY

We are ISO 9001, ISO 14001, ISO 45001 and IFS Higher Level certified.

We are currently optimizing our processes and aiming for IATF 16949 certification.

Whether B2B or B2C - the quality demands of consumers are becoming ever higher.

Have your product certified to meet these requirements.

Additional added value: As a full-service provider, we also take care of testing the certification of your certification of your product.

FURTHER CERTIFICATION OPTIONS:

*Product certification available on request

TUNAP – INTERNATIONAL

Benefit from optimised costs, global innovation and knowledge, and global network scalability.

YOUR PARTNER FOR PRIVATE LABEL AND OWN BRAND

Our unique selling point is that we handle research, development, production and logistics inhouse. We accompany you from the procurement of raw materials through production to labelling and finally the market launch of your product.

In the private brand sector, also known as private label or white label, we specialise in individual solutions. We offer customised products that are precisely tailored to the requirements of your target group. Our customers include renowned manufacturers in the independent aftermarket and companies in wholesale and retail.

The TUNAP GROUP is an international manufacturer of aerosols, lubricants and cleaners for industrial and technical applications. With our own innovative products and a worldwide sales organisation, we are an important industry partner. Over 30,000 customers rely on TUNAP products. The company is active in the Automotive, Industry, Private Brand and Sports and offers well-known products in the automotive and industry sector.

The company was founded in 1974 and is headquartered in Wolfratshausen (Bavaria/Germany).

OPERATING FOR HALF A CENTURY: TUNAP CELEBRATES ITS 50TH ANNIVERSARY

In 2024, TUNAP looks back on fifty successful years. Today TUNAP is one of the global technology leaders in the production of aerosols, lubricants and cleaners for industrial and technical applications. For half a century, the family business has stood for innovation, intelligent products and reliable production. As a global player with its roots in Bavaria, TUNAP is represented by its own companies in fourteen markets in Europe, America and Asia. In total, the TUNAP GROUP employs more than 700 people worldwide and generates an annual turnover of around 269 million euros (2024).
